Aditya Kushwaha

+91-9173106494 | aditya8kushwaha@gmail.com | LinkedIn | GitHub
Kanpur, Uttar Pradesh, India

Education

Vellore Institute of Technology, Bhopal — Bhopal, India
Bachelor of Technology in Computer Science and Engineering — *2022 – 2026*
- CGPA: 7.77/10

Kendriya Vidyalaya — Suratgarh,Vadodara, India
10th CBSE (87.2%), 12th CBSE (84.4%) — *2020, 2022*

Technical Skills

Languages: HTML, CSS,Python, C++
Frameworks: Flutter
Authentication & APIs: Firebase Authentication, REST APIs
Databases: DBMS, SQL, Cloud Firestore
Developer Tools: Git, GitHub, VS Code
Soft Skills: Collaboration and Teamwork, Problem-Solving, Adaptability, Good Communication

Projects

TaskIN | *Flutter, Dart, Firebase Authentication, Cloud Firestore* — 2024
- Built cross-platform SAAS app connecting local service providers with customers, serving 17 active users
- Designed intuitive UI/UX with Flutter, streamlining onboarding process and reducing user drop-off rates by 30%
- Implemented secure user authentication and registration system via Firebase Authentication
- Integrated Cloud Firestore for real-time data storage, enabling seamless provider-customer interactions

College Mail Summarizer | *HTML, CSS* — 2024
- Developed a college mail summarizer for VIT Bhopal to help students efficiently process important communications
- Engineered a full-featured platform with robust functionality for seamless management and organization
- Implemented user-friendly interface to streamline mail processing and improve information accessibility

JUSTRENTVIT - A Renting Website | *HTML, CSS, JavaScript* — 2023
- Built a comprehensive rental platform tailored for college students to rent and lend hostel products and other items
- Designed seamless user experience specifically for introverts, ambiverts, and college freshmen to connect with each other
- Implemented efficient matching system to streamline the process of finding customers and providers
- Focused on user well-being and time-saving functionality to enhance student life experience

Achievements & Learning

Competitive Programming Excellence — 2022 – Present
- Successfully solved 150+ LeetCode questions, demonstrating strong algorithmic and problem-solving skills
- Enhanced proficiency in data structures and algorithms through consistent practice and learning

Cybersecurity Competition Participation — 2023
- Participated in KYC CTF (Capture the Flag) competition during Unhacked event
- Gained hands-on experience in cybersecurity challenges and vulnerability assessment techniques

Additional Information

Languages: English, Hindi(Native)
Core Strengths: Problem-solving, Adaptability, Team Collaboration, Continuous Learning
Interests: Badminton, Swimming, Competitive Programming, Web Development, Technology Innovation
